Technical Information Guide

Overview

It has been noticed that during previous videoconferences that some sites will try to receive a broadcast without having a technical person present who understands how to tune in the receiver. These sites often miss the videoconference and experience a high level of frustration.

Eastern Kentucky University (EKU) will only assume responsibility for program transmission. Each receiving site will be responsible for its own reception of the program. Please review page 3 for all relevant technical information.

Reception Issues

This broadcast will be aired on the C-band and Ku-band.
