Technical Information Guide

Overview

It has been noticed that during previous videoconferences that some sites will try to receive a broadcast without having a technical person present who understands how to tune in the receiver. These sites often miss the videoconference and experience a high level of frustration.

Eastern Kentucky University (EKU) will only assume responsibility for program transmission. Each receiving site will be responsible for its own reception of the program. Please review page 3 for all relevant technical information.

Reception Issues

This broadcast will be aired on the C-band and Ku-band.

Video Rights

Neither ECU nor OJJDP possess any specific rights to the videoconference broadcast. You are free and encouraged to videotape this event for future use. Written consent does not need to be requested.

Closed Captioning

JJTAP offers closed captioning for the hearing impaired for all OJJDP broadcasts. Please consult your technician or the television manual to enable this option. JJTAP will be unable to assist with technical questions regarding the reception of closed captioning at your site.
